

Joaquim Oliveira Martins is the Head of the OECD Regional Development Policy Division. Current projects cover regional growth, urban development, regional governance issues, and the determinants of health expenditures. He was former Head of the Structural Economic Statistics Division, focusing on Trade & Globalisation indicators, Productivity measurement and Business statistics. Previously, he was Senior Economist at the Economics Department heading projects on the Economics of Education, Ageing and Growth, and Health Systems. He was also Head of Desk for emerging markets, where he was in charge of the first Economic Surveys of Brazil, Chile and several transition countries. Other OECD monographs focused on *Competition, Regulation and Performance* and *Policy Response to the Threat of Global Warming*. He was also Research Fellow at the CEPII (*Centre d'Etudes Prospectives et d'Informations Internationales*, Paris). He is Associate Professor at the University of Paris-Dauphine. He holds a PhD in Economics from the University of Paris-I, Panthéon-Sorbonne.
